30 DAY IN-HOME TRIAL

Use the bed for 30 days. Then, if you are not satisfied with it, beginning on day 31 and ending on day 45, you can call Craftmatic and request a Return Authorization Number that will entitle you to return the bed within 14 days for a full refund of the purchase price. You will only have to pay for return shipping. The cost of return shipping will depend on where you live and the shipper you use. Or, if you prefer, Craftmatic will arrange for its shipping partner to have a shipper handle the pack up and pick up for you at a competitive price of \$699 for one bed and \$999 for a dual king.

Please note that the 30 Day In-Home Trial only applies to purchases of a complete bed set (a base and a mattress) and does not apply to special order bases, special order mattresses or latex mattresses. It is only available within the 48 Contiguous United States.

30 DAY MATTRESS ASSURANCE PROGRAM

If, after using the bed for 30 days, you decide you would be happier with a softer or firmer mattress, then beginning on day 31 and ending on day 45, you can call Craftmatic and request a new mattress. The charge is \$90 for delivery to your door or, if you prefer, \$180 for placing the new mattress on your bed and removing the old one. The Mattress Assurance Program is a one-time offer.

Please note that the 30 Day Mattress Assurance Program only applies to purchases of a complete bed set (a base and a mattress) and does not apply to special order mattresses or latex mattresses. It is only available within the 48 Contiguous United States.

If you are still not happy after taking advantage of the Mattress Assurance Program, the 30 Day In-Home Trial will run again for you, and you will have from day 31 to day 45 after the day you receive the new mattress, to obtain a Return Authorization Number to return the bed within 14 days for a full refund of the purchase price. You would only have to pay for return shipping (discussed above) plus the \$90 or \$180 additional mattress delivery charge.
